**RE: V16-12 / Fresenius Medical Care / 5000 Greenbag Road
Tax Map 48A, Parcel 2**

Dear Mr. Hoffert,

This letter is to notify you of the decision made by the Board of Zoning Appeals concerning the above referenced variance petition for variance relief from Article 1369 as it relates to signage at 5000 Greenbag Road.

The decision is as follows:

Board of Zoning Appeals, April 25, 2016:

1. Each of the Findings of Fact was found in the positive as stated in Addendum A of this letter.
2. The Board granted a 90.61 square foot variance from the maximum wall sign area standard without conditions.

This decision may be appealed to the Circuit Court of Monongalia County within thirty (30) days. Any work done relating to decisions rendered by the Board of Zoning Appeals during this thirty-day period is at the sole financial risk of the petitioner.

The above referenced approval is set to expire in twelve (12) months unless you can demonstrate that it has been activated as evidenced by permits, construction, or required licenses. This expiration deadline may be extended to eighteen (18) months upon prior written request of the Board. Please note that sign and building permits must be obtained prior to the commencement of work for which variance relief was granted herein.

Should you have any questions or require further clarification, please contact the undersigned. We look forward to serving your plans review and permitting needs.

Respectfully,

Stacy Hollar
Executive Secretary

ADDENDUM A – Approved Findings of Fact

V16-12 / Fresenius Medical Care / 5000 Greenbag Road

Finding of Fact No. 1 – The variance will not adversely affect the public health, safety or welfare, or the rights of adjacent property owners or residents, because:

Other business establishments in the area and Morgantown have existing signs that are similar in size and style, which provides the type of visibility to the public for which the petitioner seeks to emulate and enjoy. The size of the proposed sign appears to be comparable in size to other businesses in the area which do not appear to adversely impact public health, safety or welfare or property rights within the immediate area.

Finding of Fact No. 2 – The variance arises from special conditions or attributes which pertain to the property for which a variance is sought and which were not created by the person seeking the variance, because:

The petitioner's storefront is part of a shopping complex with multiple visible sides which appears to place the visible signage space at a commercial messaging and customer wayfinding disadvantage given the fact that maximum sign standards are based on storefront width rather than the architectural context of the building as a whole, the conditions of which were not created by the petitioner.

Finding of Fact No. 3 – The variance will eliminate an unnecessary hardship and permit a reasonable use of the land, because:

The sign appears to be relatively consistent with other businesses at the shopping complex and in the area and other shopping locations throughout Morgantown.

Finding of Fact No. 4 – The variance will allow the intent of the zoning ordinance to be observed and substantial justice done, because:

The signs should help to promote business for the tenant and the community within the context and wall sign development pattern within the subject area.
